Designated No.3126

Early Childhood Education Program (ECE)

Program Description	Designated by the Ministry of Advanced Education Private Training Institutions Branch (PTIB) and recognized by the Ministry of Children and Family Development, ECE Registry, the program provides comprehensive learning in various early childhood philosophies and practice, including familiarity with child development and observation, guiding behaviour, and the full range of curriculum planning in early childhood field. The practicum component provides the student with a supervised teaching and learning experience and a period of observation, internalization, and further study, in order to bring together the theory and practice of early childhood education. To apply for a license to practice as an Early Childhood Educator from the Ministry of Children and Family Development ECE Registry, students must also make their own arrangements with child care centre and complete a further 500 hours of work/ volunteer experience and obtain a letter that attests to the suitability of the candidates.			
Learning Objectives	At the end of this program you will have developed the necessary knowledge and understanding of various philosophies within the early childhood field and the practice experience to become a competent early childhood educator.
